

Face Plates - Surface Boxes

The NavePoint Keystone Jack Surface-Mount Boxes are made from high-impact, flame resistant, ABS plastic and can be used with keystone modules such as audio/video, voice or Ethernet cable. The keystone jack surface-mount boxes are available in 1 and 2 port sizes to fit your needs. Protect and hide your network connections with cables that route through a rear shot that enables a flush installation on a wall, table, ceiling or baseboard. Offered in three colors to perfectly blend into the decor of your home or office. Compatible with any type of keystone jack insert.
